Services for Young Persons

(Young Lives: Mental Health And Wellbeing Assessment Service)

Young Lives Mental Health and Wellbeing Assessment Service aims to provide responsive, appropriate and comprehensive mental health and wellbeing assessment and care to all children, adolescents and young persons (up to 25 years of age). I have over twenty years experience working with children in the community, plus eight years experience in the Mental Health field.

Family Therapy is one area where Young Lives can provide assistance as sometimes families need professional help to reach their full potential and have the children grow into mentally and physically healthy adults. As television programs like 'Super Nanny' and 'Honey, We are Killing the Kids' have displayed, in many cases the solution to very common parenting problems can be overcome with good ground rules and a willingness to change learnt behaviours (both the parents and the children).

The other focus of Young Lives is in all areas of mental health and wellbeing which can include but are not limited to areas such as ADD with or without Hyperactivity, ASD, Autism, Aspergers, Depression, Poor Eating Behaviour, Anorexia and Bulimia; Psychosis, Behavioural Difficulties, Developmental Delays, Oppositional and Defiant Behaviour, Conduct Problems, Learning Issues, Dysphasia, Dyspraxia Sensory Concerns, Genetic/Chromosomal Anomaly, Tourettes, Bipolar, Aggression, Serious Self Harming, Suicidalideation, Forensic Mental Health, Anxiety and general feelings of low self esteem. Young Lives is run on a family therapy approach utilising a shared care arrangement with a General Practitioner, Schools and Other Agencies.

I have registered with Medicare as a Mental Health Worker (Allied Health) and my provider number is 2802711B.

Youth Development (Bundaberg Regional Council- Youth Development)

The Young people of our Region can now have their say on what happens in their Region, through Bundaberg Regional Council's dedicated Youth Development Officer.

The Youth Development Officers role involves working in partnership with young people, various agencies and levels of Government, to develop programs and opportunities that:

Improve a young person's networks within the community
Celebrates the diversity of young people
Increases the positive perception of young people
Highlights young people as valuable assets to the future of the community
The role also includes:

Assisting Council in decision making processes involving young people
Being a point of contact for young people so as to connect them to various types of support they may need whether it be health, legal, housing or just how to get something happening in the community.
Working with young people on their ideas and assisting in the development of positive partnerships for young people.
They will also be actively consulting and involving young people in the development, initiating and reviewing of youth plans for the region.
